

Enterprise robotics for Australia and New Zealand

Robotx advises on, supplies, deploys and supports commercial robotics for enterprise and commercial organisations across Australia and New Zealand. We do not sell to consumers, and every supply includes deployment, training and an agreed support arrangement.

WHAT WE DO

Advisory

Where robotics will pay its way, what works, and what to try first.

Supply

Commercial platforms from our partner manufacturers, matched to the job.

Deployment & integration

Mapping, commissioning, training, and integration with lifts, doors and existing systems.

Support & lifecycle

Servicing, parts and warranty administration for the life of the equipment.

SOLUTIONS

- **Service & Delivery Robotics.** Autonomous robots that carry food, trays, linen and supplies between kitchens, floors, rooms and wards.
- **Autonomous Cleaning.** Robots that sweep, vacuum, scrub and mop large floor areas on a schedule, so cleaning teams can focus on detail work.
- **Autonomous Material Transport.** Autonomous mobile robots (AMRs) that move heavier loads of goods, linen, supplies and parts between fixed points.
- **Humanoid Robotics.** Bipedal and wheeled humanoid platforms for carefully scoped pilots in handling, sorting, reception and research.
- **Inspection & Patrol.** Legged robots that run scheduled inspection and patrol rounds with thermal, visual and acoustic sensors.
- **Reception & Wayfinding.** Robots that greet visitors, answer common questions and guide people to where they need to go.

MANUFACTURERS

- **Keenon Robotics:** authorised distributor, Australia & New Zealand
- **Also supplied:** UBTECH Robotics, Galbot, Leju Robotics, AgiBot, DEEP Robotics, Noetix Robotics

INDUSTRIES

Restaurants & Clubs · Hotels & Resorts · Hospitals · Aged Care · Warehousing & Logistics · Manufacturing · Energy & Utilities · Security · Airports · Shopping Centres

HOW AN ENGAGEMENT RUNS

- | | |
|------------------------|------------------------|
| 1. Consultation | 2. Site assessment |
| 3. Written proposal | 4. Deployment |
| 5. Training & adoption | 6. Support & lifecycle |

OUR COMMITMENTS

- Nothing is ordered until the scope is agreed in writing.
- If a robot isn't the right tool for the job, we say so.
- One Australian contact for training, servicing, parts and warranty.
